D. E. O'KEEFE.....EDITOR AND PROPRIETOR

NATIONAL POLITICS.

Now that conventions are being held all over the United States our attention is turned to the actions or both great parties and to the progress made by the leading candidates who have the presidential chair in mind.

At Santa Cruz the Democrats have been wrangling over indorsing the candidacy of Hearst, and though it is undeniable that the editor is gaining some ground in his presidential race, the mere fact that he barely carried the California, his native State convention, proved beyond a doubt, even to his most enthusiastic supporters that he will not be very seriously considered when he gets among the big men at St. Louis.

But the Hearst indorsement is a matter in which the Times-Gazette, as a Republican paper, is not especially interested, and indeed, the hope is expressed from thousands of Republicans to-day that Hearst be nominated by the Democratic party. "Teddy," you would have a snap! But Hearst or not the impression is so strong as to amount to a conviction that any man the Democracy may put up for President is doomed to defeat this year; consequently the choice of a standard bearer for that party is considered by Republicans a purelp democratic question.

But issues are another matter. The Republicans have little concern about making them up. They are already made. The record of the party is its best issue. On that it can stand pat.

With the Democrat it is different. They are badly split on issues. There is the old issue of the tariff which is sure to come to the front in some form, but even that is debatable ground for the Democrats.

The country has enjoyed such a season of prosperity under the Republican tariff, and the memories of the crushing panic of 1893 are still so fresh in the minds of the people that even a Democratic convention feels some qualms about adopting the familiar plank of a "tariff for revenue only."

The most significant example in that respect comes from Santa Cruz. The sub-committee of the committee on platform and resolutions to which was committed the hewing out of the tariff plank reported on Tuesday one in which the following paragraph occurs:

"The difference between parties is one of the degree of protection to be afforded. The abolition of the tariff on products of foreign countries is not contemplated by the Democratic party nor is it possible as long as the tax on imports continues to be the principal source of income of the government."

That was regarded by some members as a radical departure from Democratic doctrine, and an objection was promptly interposed. The following was then substituted;

"We are opposed to the Republican protective tariff. It is the parent of iniquitous trusts and illegal combinations. It taxes American consumers and discriminates against them in favor of foreigners. We, therefore, advocate its immediate revision."

That has a little more of the Democratic ring to it, although it is somewhat illogical.

After some discussion the whole matter was referred back to the sub-committee.

That the former plank should ever be suggested at a Democratic convention shows that Democracy is not altogether blind to business conditions. It recognizes that the commercial manufacturing and agricultural interests of the country have flourished under a protective tariff, and feels some hesitancy about shying its castor into the political ring with the old free trade whoop.

If Democracy hangs in the wind on the tariff question what can it find for an issue? The silver question is dead and buried. Anti-expansion is a back number. We have expanded.

How would it do to revive the Virginia, and Kentucky resolutions, of '98?

FRUIT CROP PROSPECTS.

It is apparent that the output of deciduous fruit from the northern and central portions of the State has been considerably curtailed by the excessive rainfall during February and March which had a very damaging effect in some localities. Several varieties of deciduous fruits will not equal last year's yield.

Apricots are light in many sections. Prospects for pears are on the whole very encouraging, but there is some uneasiness in certain districts over the appearance of the pear blight. Apples generally promise good crops, but it is evident that in the Pajaro Valley at least, the yield will be under that of last year. The outlook for grapes is most favorable. Prunes are reported to be a fair crop, with the June crop to be reckoned with. There have been very few damaging frosts in fruit districts so far this spring, and the period of danger from this source is about over.

In the southern part of the State the outlook for fruit is reported extremely favorable, although some damage was done in the foothill districts to apples and cherries by late frosts. Citrus fruit prospects are said to be very bright, conditions having been favorable for oranges, and a large crop of fine fruit is indicated.—California Fruit Grower.

Physicians have discovered that automobilists suffer from motorpathia cerebralis. Those they run over still suffer from plain rigor mortis.

In Paterson, N. J., a woman is sueing her husband for divorce because she declares she cannot stand the smoke from his pipe. What do people like that get married for?

And still another 5 per cent boost in the quotations for diamonds, the fifth within a year. It looks like cruel and deliberate conspiracy of the diamond mine monopolists to grind the poor.

Death of an Old Timer.

Jefferson Hahn, a native of Missouri, passed away at the County farm Tuesday and was buried in Union cemetery yesterday afternoon. The deceased was an old-timer in this section and spent most of his life at Portola.

All women secretly dispise old bachelors.

THE PLAY WAS A SUCCESS.

Neat Sum Realized From Production of Santiago.

Santiago, the play produced by an aggregation of home talent, was a success from every point of view. The acting was fine, the audience was large and appreciative and the music of the orchestra was supurb. From the rise of the curtain on the opening scene till the close of the final act the spectators followed thoughtfully the theme, and rewarded every praiseworthy effort with applause. The scene between Bess and Lieutenant Merry in front of the Red Cross Hospital and battle scene in front of the same place, were especially good. Mr. W. A. Shrewsbury acted the difficult part of the villain extremely well, as did also Mr. Thorpe as hero. The dialect work of Mr. Oscar Comper, who impersonated the Coon, could not be improved upon, and Mr. Watrous' interpretation of the Irish character was very good. The ladies of the cast, Mrs. F. H. Thorpe and the Misses Rockwell, sustained their parts in an exceptionally entertaining manner.

There have been numerous requests to have the play repeated and it is more than likely that it will again be put on.

The orchestra, which we have before mentioned, was one of the distinctive features of the evening. The different instruments were handled by musicians who appreciated their tasks and the music furnished was as good as has ever been heard in Redwood, and would compare favorably with city orchestras.

There is no doubt but that a second production of Santiago will draw a good house. The following is the financial report: Total receipts, $140.35; expenses for costumes, hall, lights, printing, etc., $88.65, leaving a balance of $51.70 cleared.

The Trustees Entertained.

Wednesday evening the trustees of the Congregational church and their wives were entertained at supper by Rev. and Mrs. Kirtland. The business meeting followed at which various reports were given. The pastor reported that the Woodside Sunday school had been organized and is running successfully. A choir and regular music help make the church services more pleasant, and the attendance is steadily increasing. The trustees contemplate strengthening the local church choir by adding new voices. Mr. Kirtland was granted a vacation which he will probably spend in the Yosemite Valley next month. The pastor will make arrangements to have the pulpit filled during his absence so that services will continue uninterrupted. Other matters of importance came before the meeting which adjourned, after a very pleasant evening.

Enforcing the Ordinance.

The story is out that a notice to show cause was served by Marshal Christ upon the Capitol Hotel bar the other evening. The time of closing is fixed at 11 p. m. The bar remained open until 11:10, when a party of Redwood's prominent men who were still lingering were interrupted by the vigilant Marshal bent upon inforcing the law. After dispersing the company a notice to show cause for keeping open after the hour specified was served upon the astonished proprietor.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors Tuesday and Wednesday.

The Cemetery Question Pops Up Again and Petition Is Submitted to the Board.

The Board of Supervisors met in regular session Monday, having first inspected the progress made in the construction of the new court house. Supervisor Debenedetti was absent. The following petition was then read by Clerk Schaberg:

PETITION OF A. M. ROBSON ET AL.

To the Honorable Board of Supervisors of the County of San Mateo, State of California:

"We the undersigned, residents, citizens, free-holders, and tax-payers of the First Road District of the County of San Mateo, State of California, owning real property which is taxable therein for road purposes, hereby respectfully petition your Honorable Body, to declare the following streets or parts thereof, respectively, in said First Road District, permanently opened to the use of the public, without any obstructions of any kind whatsoever, to wit:

"1. K street from San Pedro Road to the easterly line of Third avenue, with a uniform width of 60 feet from San Pedro Road to lot No. 12 of block 30, then with a width of 75 feet between lot No. 12 of block 30 and lot No. 1 of block 42, to said easterly line of Third avenue.

"2. Third avenue from the northerly line of K street to the southerly line of L street, with a uniform width of 60 feet.

"3. L street from the westerly line of Third avenue to the easterly line of Fourth avenue, with a uniform width of 60 feet.

"All of said streets are laid down on the map of the City Extension Homestead Association, of record in map book 1, at page thirteen (13) in the office of the Recorder of said County of San Mateo."

"In support of this petition the undersigned desire to place before your honorable body the necessity of an open and convenient connection, for the use of the public, between San Pedro Road and the County Road (Mission Road), and that the course as above outlined is the one now in use for such connection, and is, in fact, the only desirable and proper one. It is to the material and substantial interest to the properties of the undersigned petitioners in First Road District of San Mateo County, that the above mentionod connection between San Pedro Road and the Mission Road be kept open permanently as there is considerable freighting and traveling from various points along San Pedro Road along said course as above otulined to Mission Road and thence to the City of San Francisco.

"Wherefore, the undersigned pray that your honorable body pass an ordinance declaring said parts of said streets permanently opened for the use of the public.

"Dated April 30, 1904.

"Respectfully,"

The above petition was undersigned by nineteen residents interested in the permanent opening of the streets.

A communication from A. M. Robson urging the granting of the above petition, was read, and both instruments were placed on file.

Charles Vjohl appeared before the board urging that action be taken on the petition. He stated that the roads outlined were the only practical thoroughfares connecting San Pedro Road with the Mission Road. The other being too sandy and of too steep a grade to be of much use.

John W. Bourdette requested that the petition go over until the next meeting as certain parties had not been notified that such action would be brought up at this meeting.

On motion it was carried that the matter be continued on June 20, 1904.

A petition and notice of Charles L. Patton for the revocation of the dedication of certain streets in the First Road District were read by the Clerk.

John W. Bourdette asked that the notice of revocation of dedication be spread at length upon the minutes of the meeting.

H. W. Brown apposed such action and a lively argument followed in which Mr. Bourdette announced that the matter would be threshed out in the courts. He held that the filing of the maps offered the streets as public thoroughfares, but these had never been accepted. Mr. Brown argued that acceptance by the Board unnecessary, as the filing of the map and the use of the roads by the public made these public thoroughfares.

On motion of Eikerenkotter seconded by McCracken, it was voted to spread the notice of revocation of dedication certain streets in the First Road District upon the minutes of the meeting. McEvoy voted no.

H. W. Brown then announced that he wished to present an ordinance to fix a district within which no dead bodies shall be interred. This district excluded all existing cemeteries and included the watersheds of Lake Merced and the City Extension Homestead. In short, the ordinance is to protect the people of the northern end of the county from having cemeteries built up against their back yards.

The meeting then adjourned to meet in the afternoon.

After some debate on the proposed cemetery restraining ordinance, the matter was held over for a future meeting.

District Attorney Bullock made his report on statement of the health officer. He found that no bodies had been buried in streets and that a cemetery virtually existed as bodies had been interred in the grounds in question at Colma.

On motion of McCracken, seconded by Eikerenkotter, it was moved and carried that the report of the District Attorney be accepted.

The Clerk read the affidavit of D. E. O'Keefe showing that due legal notice had been given publishers to file sealed proposals for the publication of delinquent tax list. The affidavit was accepted and the proposals were then opened as follows:

Times Gazette, 75c first insertion; 50c subsequent insertion. The Leader, 80c first insertion; 50c subsequent insertions. Coast-Advocate, 90c first insertion; 60c subsequent insertions. San Mateo Times, 80c first insertion; 40c subsequent insertions. Redwood City Democrat, 75c first insertion; 40c subsequent insertions.

On motion of McEvoy, the publication of the delinquent tax list was awarded to the Redwood City Democrat.

Supervisors McCracken stated that he had noticed that smooth bars were to be used to strengthen the concrete floors in the new court house, whereas the specifications call for corrugated iron bars.

Architect Dodge explained that the Western Expanded Metal Company were unable to get the corrugated bars here for several weeks, as they are made in the East. As the corrugated bar is superior to the round smooth bar, he had ordered that after all the corrugated bar on hand had been used, the work of putting in the concrete floor must wait until the specification bars arrive. The superintendent of construction corroborated this report. A motion was made by McEvoy, seconded by McCracken, that the reports of the architect and superintendent of construction be accepted. Motion carried.

The following claims were allowed:

Mrs Cronk	$ 5 00
M Shinn	3 25
Guy Fonda	14 00
Clarke & Henery	2098 50

The amount voted Clarke & Henery was only partial payment of their claim. As there was no other business the Board adjourned.

THE KINDERGARTEN.

It Is in a Flourishing Condition with Increasing Attendance.

The Kindergarten opened May 11th with seventeen children in attendance and by the end of the first week twenty children were enrolled. The attendance has increased until there are thirty children. The smallest average attendance for a week was eleven and the largest average attendance for a week was twenty-one.

The children have had one pleasant outing, which all enjoyed most heartily. Mrs. Lord of San Carlos invited the Kindergarten to spend the day with her May 12. By 9 o'clock twenty-two children were ready to start in the bus, the use of which was kindly given by Mrs. Ayres. The children enjoyed the hammocks, swings, and many pleasures awaiting them until 11 o'clock when all joined in the games on the lawn. After this came luncheon with ice-cream and cake. After more play and songs the children started for home ladened with oranges given them by their kind hostess.

"To take the oversight of children before they are ready for school life, to exert an influence over their whole being in correspondence with its nature; to strengthen their bodily powers; to exercise their senses; to employ their awakening mind; to make them thoughtfully acquainted with the world of nature and of man; to guide their heart and soul in the right direction and lead them to the Origin of all life and to union with Him." This, Froebel considered the aim of the kindergarten.

The kindergarten serves as a connecting link between the home and the school. Giving children less freedom than the home and more freedom than the school. While the work is not as confining as the school work, the children know that there is a time for work and a time for play.

If any one who feels that the kindergarten is a place of play, without discipline or serious aim, would visit any kindergarten for one morning the error of this view would be made plain and that little children could be taught a great deal without the aid of books. In the kindergarten the children are given the means and opportunity for self-expression, yet all work in harmony and unison. Learning obedience, self-control, kindness and respect for the rights of others. Some may say that the child will learn all this at home. Yes—but great opportunity for teaching these lessons are given in the companionship of other children.

Passing of a Pioneer.

James Walker Bell, a pioneer resident of this county and for over thirty-five years living at Bellvale, died at that place at 2 o'clock Tuesday morning. Mr. Bell was born in County Tyrone, Ireland, nearly eighty years ago and came across the plains to California in 1849. For a number of years he had been postmaster at Bellvale. Besides his wife, Mrs. Jane Bell, he leaves the following children: James M., George W., William J. and Frank Bell of San Gregorio; Dickson G. Bell, Mrs. Tillie S. White and Mrs. Emma G. Sears of San Francisco and Mrs T. E. Roe of San Gregorio. The funeral took place Thursday morning and was conducted by Mr. Pigion of Redwood, a large number of friends following the cortege to the Congretional church at Pescadero, where Rev. Shearer preached a very impressive funeral sermon. The remains were then interred in Pescadero cemetery.

The longer a girl keeps a man running after her the harder he will run, but once he catches her he will never go off a walk again.

He Was Finally Identified.

A young man wandering around in a dazed condition, weak from loss of blood, and suffering with a badly lacerated face and scalp, was taken in charge by the peace authorities at San Mateo last Sunday morning, and upon his failure to give any accurate account of his identity, residence, or cause of predicament, he was removed to the county hospital. Sheriff Mansfield, assisted by his vigilant deputies, took charge of the case, and succeeded in finding out by means of papers found upon his person that the young man's name was Briones. After a careful search a Mrs. Isabel Briones was located in the city of Stockton, and a telegram proved her to be the mother of the unfortunate boy. Mrs. Briones arrived in Redwood Thursday morning for the purpose of taking her son home. She stated that he is subject to violent fits and when in such a condition is not accountable for his actions. At the time of departure young Briones was still unable to give any account of his presence in this county or to the cause of the painful and mysterious wounds on his person.

San Mateo Residence Burned.

A disastrous fire swept over the magnificent mansion of Thomas R. Turner, the capitalist and oil operator, at San Mateo, late Thursday afternoon, and burned the handsome residence to the ground. The loss is about $20,000, partially insured. There were about $10,000 worth of diamonds and jewels belonging to Mrs. Turner in the house and a guard has been placed over the grounds to protect it from thieves searching in the ruins for valuables. Mr. Turner had just completed numerous improvements and interior decorations to the house and grounds, which made it one of the most luxurious homes in San Mateo. He will probably rebuild a new and finer mansion. The origin of the fire is not known, but it is supposed to have been caused by an electric wire. It started in the garret.

Died at Pescadero.

Mrs. Smith, mother of Mrs. A. J. Fromm, died at Pescadero last Wednesday. She leaves three daughters and a son to mourn her loss: Mrs. Fromm of Redwood; Mrs. Weishaar of Palo Alto; and Flora and George Smith of Pescadero. The funeral took place in Pescadero Friday.

The Coast Railroad.

At the last meeting of the Board of Supervisors of Santa Cruz County a franchise was granted to J. Q. Packard to operate a steam railroad from Santa Cruz to the boundary of the county along the Coast. This looks as though the hopes of our coastside residents might be realized before many years.

ESPERITO SANTO FESTIVAL.

Annual Portuguese Celebration Begins This Evening.

The Esperito Santo organization of this city has been making gigantic preparations for the annual festivities of the Chamorita. The celebration will open this evening at 7:30 with a procession through our principal streets, after which the Portuguese will hold their native dance in their own hall—a platform having been erected in the old school house especially for the occasion. During the ceremonies there will be a magnificent display of fireworks of all kinds, and as the town is already decorated in its brightest attire the event promises to be as spectacular as it will be enchanting.

A regular dance will also be given at the Alhambra to those who do not care to witness the Portuguese ceremonies. To-morrow morning the regular Chamorita services will be held in the church, preceded by another procession through the streets. A free barbecue at noon at the society's grounds will provide refreshments for all. Another dance and an auction in the afternoon will conclude the memorable occasion.

The reception committee consists of J. P. Rosa, M. F. Cabrial, J. Rosa Jr., M. Borba and Mr. Machado.

The celebration will cost fully $700 but nearly all of this amount has already been raised by generous contributions.

MENLO PARK OCCURRENCES

Paragraphs, Personal and Otherwise, From the Village of Beautiful Homes.

Making Preparations for Parish Picnic—Graduating Exercises at Hoitt's School.

MENLO PARK, May 20.—Don't miss the big parish picnic next Thursday, May 26th.

A. T. Gilcrest paid a visit to his sister, Mrs. Jas. T. O'Keefe, during the week.

Hobart's big automobile carried a number of residents of Burlingame to the stock farm of young MacDonough at Portola Sunday.

Supervisor McEvoy was called to San Francisco Thursday, to the bedside of his sister, Mrs. E. Baldwin, who is reported to be very low.

W. B. Weir and family have moved down for the summer. They recently purchased the beautiful Frank residence on the Middlefield road.

All the hotels are crowded and private boarding houses are unable to meet the rush of business. Many have been obliged to secure quarters at Palo Alto.

Joseph Larkin, W. P. Gray and B. Mullen have filed in the Superior Court an inventory and appraisement of the estate of Mary Gaven Farley, deceased. The estate consists of cash, real estate and personal property of the value of $8025.

Robert Anderson left yesterday on the summer geological survey with the class of Stanford University which will study the rock formations about Pescadero and the Big Basin. The trip is included in the University course and counts towards graduation.

Hugh McDonald and family have leased the Parker cottage and are now occupying it. Mr. McDonald is the superintendent of construction for the Sunset Telephone Company. The cottage was recently occupied by the Stack family, who have moved to Palo Alto, but will return in a few months.

Duff & Doyle store will be closed on the day of the picnic and the clerks and the respective families of the proprietors will attend the big outing. All should lay in their supply of groceries the day before. O'Keefe's store will also be closed on that day. The other business men of town will most likely follow suit. The public school will close, so it will be a general all round holiday.

The annual reception to the graduating class of Holtt's School occurred last Saturday. Nearly two hundred guests were present from San Francisco, Alameda, Oakland, Berkeley, San Mateo and nearer places. The forenoon was devoted to athletic sports, in which the main features were the mile race won by Graham Richardson, the half-mile and 440 yards won by Evan Meredith, 120 yard hurdle won by Morrison Eastman, and the pole vaulting won by Leslie Barneson, who broke the school record of 8 feet 8 inches. The afternoon and evening were passed in dancing and strolling about the grounds, famous since the time they formed a part of the old Atherton place.

The only conversation heard on the streets is: "Are you going to the picnic Thursday, May 26th?" All arrangements have been completed. No one should miss the big outing. The games, tug of war, dancing, lunching and racing for Dan Flynn's razor-back pig will be the attractive features of the day's pleasure. In addition to the $200 worth of prizes collected, M. F. Doyle has donated a gold watch for the race between the [illegible] the Cross Cadets of San Mateo and Santa Clara counties. It is a handsome timepiece and the young man who wins it ought to have no difficulty in winning a charming young lady this leap year. Mrs. Thomas Fitzgerald has given a handsome silver watch. These are only some of the seventy-five prizes collected. The prize for the winner of the fat women's race beats them all, but we cannot, at this time disclose the name of this handsome prize, because the space on the track is limited. The Gaelic League members have secured green badges and will occupy one car all by themselves and talk Irish all the way down to the grounds; O'Keefe's famous Scotch piper will get aboard the first section and regale the merry picnickers with celtic music; Sam Brown will take the greased pig along in Pat Lenehan's old trunk that he brought from the auld sod fifty years ago and Messrs. Maloney, Fitzgerald, Geoghan and Kelley will take their blackthorns along. What fun there will be on the train. The Redwood City people will be accompanied by the band of eleven pieces and all Belmont, headed by Mrs. Emmett, will be there. San Mateo will come with 250 strong. Jim Farrell says that Palo Alto alone will fill three cars. Mayfield and Mountain View will also send a big contingent. There will be a large number of clergymen attend the picnic, among them Fathers Yorke of Oakland, Callahan of San Mateo, White of Redwood, McKinnon of Palo Alto, Cullen of Mountain View, and Sullilvan of Half moon Bay and about thirty from San Francisco. All should get their tickets as soon as possible and be at the depot on time. The first section will arrive at about 9:30 and the second section ten minutes later. All committees are requested to meet to-morrow (Sunday) evening at 9:30 o'clock.

Woman's Duties.

A woman who keeps her house in order and has the care of a family, has just as much responsibility as the man who provides the means to carry on the housekeeping. She is the deserving of the more credit since the demands on her strength are greater. The everlasting sameness about her duties, and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that makes her irritable, cross, and dissatisfied, which is just as much a disease as rhematism or catarrh. If the nerves can be built up and made strong by medicine of some kind, this feeling is changed to one of cheerfulness and pleasure in her duties. The medicine that makes strong steady nerves and [illegible] up the entire system, is Dr. Gunn's Blood and Nerve Tonic, a tablet to take at meal time. Cures nervous prostration by making rich blood, feeding the nerves, and making solid flesh at the rate of 1 to 3 pounds a week. This medicine is sold by druggists for 75 cents per box, or 3 boxes for $2, or sent by mail, post paid, on receipt of price. Write us about your case. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia, Penn.

Mrs. Fred Unrath,
President Country Club, Benton Harbor, Mich.

"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.

WINE OF CARDUI

What Time Proves.

This thing of being sick and looking for a cure is a mighty serious business. People are not given to joking even at the first sympton of the approach of the grim destroyer. They do not want to be the subjects of experiment, but want medicine that had the test of years behind it. A medicine that has been made and used for 20 years give assurance of its worth, and can be taken with faith that they have the very best cure the world affords. All this can be said about Dr. Gunn's Improved Liver Pills as a remedy for sick-headache, dyspepsia, and indigestion, it begins right at the source of the trouble and the removes the cause. We will send a sample box of these pills free, or a full box on receipt of 25 cents. Sold by all druggists for 25 cents per box, or address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia, Penn.

Willing to Be Honest.

Phil May, the great English artist, earned his first fame in Australia. One day a broken down minister applied to him for charity, and May engaged him as a model. As a joke he also demanded that his eighty-year-old pensioner agree to leave him his skeleton when he died. When May left Australia he called his model in. "You've played me a dirty trick," said May, "by swindling me out of that skeleton. I could have bought one in sound order and condition for half the money you've cost me." The old fellow, conscious of his base ingratitude to his best and most patient friend, answered: "Don't be angry with me, Mr. May. It's not my fault. I meant to keep my word. Stay in Sydney a few months longer and give me another chance to show you that I am a man of honor."

The Celtic Affirmative.

In the speech of so highly developed a people as the Ceits there is no equivalent to "yes." Thus it happens that you shall never hear an Irish waiter pronounce the shibboleth "yessir" of his English confrere, for he invariably expresses an affirmative by some such phrase as "I shall, sir," "It is, sir."—

HOW TO GAIN FLESH

The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh.

Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

One of the inducements offered in order to substitute something else for Scott's Emulsion is the matter of cost. You save a few cents at the expense of your health. Scott's Emulsion costs more because it does more and does it better than the substitutes.

We'll send you a sample free upon request.
